"The Japanese are the only people  
the world who make a speciality of  
miniature landscape construction in small  
gardens. The Japanese plan has been  
closely followed however, in at least one  
English Garden—that at Ivy House,  
Shipley Glen, near Bradford, Yorkshire.  
Here a pretty bit of scenery has been  
compressed into a very small space: a  
miniature castle standing on a miniature  
island in a miniature lake. All this  
scenery" has been constructed by the  
owner—the gentleman depicted in the  
illustration below,
